### Book Description

4–9. The Book of Kells, text page with ornamental initials, c. 794–806 CE. The remarkable originality of the hundreds of illustrated initials is suggested by the variety of imaginative forms in the six initials on this one page.

### My Description

This image reminds me of fairytales from movies because of the fancy letters and designs. Its a creative way to make story layouts. It makes me appreciate the skill and artistry of those who created it, and it motivates me to explore my own creative ideas.
